GitHub: https://github.com/abhikkonar05 Mobile: +91-9064664560

SKILLS

Languages: Python, Java, SQL, C, HTML, CSS
Frameworks: PyTorch, Hadoop, Scikit-Learn, Matplotlib, Pandas, Flask, Django
Tools: Git, MySQL, MongoDB, Excel, Power BI, AWS, Jira, Blender
Coursework: Data Structures and Algorithms, Object-Oriented Programming, DBMS
Soft Skills: Problem-Solving, Project Management, Adaptability

TRAINING

Fundamentals of Data Structures: Learn, Apply and Build Project | **Link** **Jun' 25 – Jul' 25**

- Created CSV based file handling using Java I/O for saving and loading expense records.
- Used ArrayList and HashMap to build accurate and dynamic expense calculation logic.
- Tech: Java Swing

PROJECTS

Customer Loyalty History-Analysis Dashboard | Link **Apr' 25**

- Analyzed customer retention and churn data using Python to identify behavioral patterns through data analysis.
- Performed data cleaning, preprocessing and transformation using Pandas and Numpy to improve data quality and accuracy.
- Visualized key insights using Matplotlib and Seaborn to support data-driven business decision making.
- Tech: Python

AeroSync-Real-Time-Aviation-Data-Engineering-and-Monitoring-Platform | Link **Mar' 26**

- Developed an end-to-end data engineering pipeline to analyze aviation datasets and track operational trends.
- Applied data preprocessing techniques and transformation logic to ensure accurate and reliable analytical outcomes.
- Designed dynamic workflows with automation and validation checks to enable effective data-driven decision making.
- Tool: Python

Air Quality Prediction Analysis System | Link **Dec' 25**

- Launched a supervised machine learning model to predict air quality using regression and classification algorithms.
- Executed data preprocessing, feature engineering and model evaluation techniques to improve prediction accuracy.
- Implemented and compared multiple algorithms and saved trained models using Pickle for reuse and deployment.
- Tech: Python

CERTIFICATES

- AWS Academy Graduate – Cloud Architecting |AWS Academy | **Link** **Jan' 26**
- AWS Cloud Quest: Cloud Practitioner | AWS Skill Builder | **Link** **Jan' 26**
- Oracle Cloud Infrastructure 2025 Certified Data Science Professional | Oracle | Link **Oct' 25**
- Introduction to Generative AI | Coursera | **Link** **Feb' 24**
- Get Started with Python | Coursera | **Link** **Jan' 24**

ACHIEVEMENT

- **Secured Global Rank 500000:** **Dec' 25**
  Solved over 25**0+** problems on LeetCode | **LeetCode**

EDUCATION

Lovely Professional University *Phagwara, India*
Bachelor of Technology-Computer Science and Engineering; ***CGPA: 7.01*** **Aug' 23 – Present**

Kanksa High School *Panagarh Bazar, India*
Intermediate; ***Percentage: 76.4*** **Aug' 22 – Mar' 23**

Ramkrishna Ashram Vidyapitha *Panagarh Bazar, India*
Matriculation; ***Percentage: 94.3*** **Jan' 20 – Mar' 21**
